Committee Reports
- Advising Committee
  The Advising Committee held a regularly scheduled meeting on September 20, 2022. The Committee did not have any items that required a vote by the UG Council. The minutes of that meeting are attached for reference.
- Curriculum Committee
  The Curriculum Committee had one minor correction to a catalog entry. That item was approved by the UG Council without opposition.
- Volunteer Core Committee
  - Twelve courses were presented for approval in Vol Core. The UG Council approved those courses.
  - One item, the removal of the Written Communication (WC) designation for MSE 405, was presented as informational only. The course is completing the required six-year teach-out period during the 2022-2023 academic year, so the designation will be removed effective fall 2023. No action was needed by the UG Council.
  - Two changes to the Committee’s operating guidelines were presented.
    - A process for an appeal of a rejected Vol Core course proposal was presented and discussed. The UG Council decided the proposal needed additional clarification regarding justification for an appeal; the composition of the appeal’s review committee, especially since the current proposal only calls for one member of the subcommittee that rejected the initial proposal; justification for the appeals committee to override the decision of the subcommittee, which is made up of experts on the Vol Core category being considered; and greater detail regarding the process itself. The UG Council decided to send the proposal back to the Vol Core Committee for revision; therefore, the proposal was not approved. The proposal is included in these minutes for informational purposes.
    - Due to the amount of information the Volunteer Core Committee Chair must
know to lead the committee efficiently, the Committee recommended adding the position of Chair Elect whose term would overlap with the Chair’s term. Vol Core Chairs are elected for a two-year term. The proposal suggested a Chair Elect would serve during the second year of the Chair, giving the Chair Elect one academic year to learn under the current Chair before beginning a two-year term as Chair. The proposal was approved.

Other Items:
- Ken Baker, UG Council Chair, explained that after the Faculty Senate voted to approve the UG Council minutes from Sept 27, they had questions regarding the proposal from the Baker Center to add two courses. Dr. Baker was unable to answer some of the questions to their satisfaction, and the Senate voted to withdraw approval of the minutes. Dr. Baker has contacted faculty from the Baker Center, and they will be present at the next Faculty Senate meeting to more fully address their questions. At this point, no items from the UG Council minutes from September 27 have been officially approved by the Senate. They will be re-submitted at the next Faculty Senate meeting.
- Ken Baker also gave a brief update on the work that is being done by the UG leadership team in cooperation with the UG Curriculum Committee Chair and others to improve the curriculum review process in response to a request by the Senate. No action was needed at this time.

Adjournment: Ken Baker adjourned the meeting at 3:28 pm.

Approval of minutes: These minutes were certified correct via email on November XX, 2022.

Drop Vol Core (General Education) designation from course after the teach-out period
MSE 405 - X-ray Diffraction will complete the teach-out period for WC designation at the end of the 2022-2023 academic year. That WC designation is under the old general education curriculum and does not affect Vol Core. Therefore, the WC will be removed from MSE 405 effective fall 2023 and the department will no longer need to teach the course to WC requirements or to require the WC prerequisite. This item did not require a vote because dropping the WC designation was approved six years ago. The item is included in these minutes in order to have documentation of when/why the designation was removed.

Proposals to revise the operating guidelines for this committee
- Appeal of a rejected proposal: When a notice of “reject” for a proposal is returned to the submitter, a request for an additional review can be made to the Volunteer Core (General Education) Committee Chair via email. A request for additional review that is submitted to the Volunteer Core (General Education) Committee Chair will initiate a review of the proposal and subcommittee’s decision by the Undergraduate Council members serving on the Volunteer Core (General Education) Committee with a representative from the subcommittee. Decisions of that review can include support for the subcommittee’s decision, ask for different revisions from the submitter, or approval of the proposal. Revisions made would be resubmitted to the Undergraduate Council members serving on the Volunteer Chair (General Education) Committee along with a representative from the subcommittee. The decisions of the Undergraduate Council members serving on the Volunteer Chair (General Education) Committee members will then be brought to the full Volunteer Core Committee for discussion.

- Add a position of Chair-elect: A position of Chair-elect will be added to the Volunteer Core (General Education) Committee. The terms of service for the new position would be one year as Chair-elect (elected every other year) followed by a two-year term as Chair.

Adjournment: The meeting was adjourned at 10:43 am.

Next Meeting: The next meeting is scheduled for November 9, 2022.
